

Hydraulic 8T Crimping Tool - 10mm² - 120mm² AT120HH

Alvolta's range of high quality tools are the perfect addition to every tradesperson's toolkit. Designed with practicality in mind, Alvolta's selection of tools helps the professional tradesman complete jobs to an excellent standard without compromising on convenience.

The Alvolta Heavy Duty Hydraulic 8-Tonne Crimping Tool is designed to crimp lugs between 10mm² - 120mm². Featuring a flexible head that can be rotated up to 180° this crimper delivers a professional crimp and takes away all of the manual effort.

Created with efficiency and versatility in mind, this crimper comes with a range of head sizes, allowing one tool to be used for multiple lug sizes. All of these components can be neatly kept in the heavy-duty carry case that is included.

Minimise job time and effort, and maximise productivity with the Alvolta Heavy Duty Cable Cutters.
